## TEMPORAL BONE SURGICAL DISSECTION COURSE

OFFERED BY

THE DEPARTMENT OF OTOLARYNGOLOGY

THE UNIVERSITY OF MICHIGAN MEDICAL SCHOOL, ANN ARBOR, MICHIGAN

COURSE DIRECTOR: JOHN L. KEMINK, M.D.

<b>1989:</b>	22-26 May	16-20 October	13-17 November	
<b>1990:</b>	2-6 April	14-18 May	15-19 October	12-16 November

Intensive one-week courses emphasize the surgical and anatomical approaches to the temporal bone, and are presented in a manner relevant for the otologic surgeon, utilizing lectures, videotapes, and dissection.

Mornings and afternoons are spent in the dissection laboratory, giving extensive drilling experience in temporal bone anatomy and surgical techniques. All instruments and high-speed handpieces will be provided.

Course fee is: Physicians \$1,000      Residents \$750

Tel: (313) 936-8006

## INNER EAR PATHOBIOLOGY SYMPOSIUM

SATELLITE SYMPOSIUM OF THE XIV ENT WORLD CONGRESS

18-20 September, 1989

SCHOOL OF MEDICINE OF THE UNIVERSITY OF GRANADA, SPAIN

**Organization:** Department of Otolaryngology (Prof M. Ciges); Department of Histology and Cell Biology (Prof A. Campos)

**Tentative Topics:** Ototoxicity; Analytical Electron Microscopy; Histopathology; Development and genetic abnormalities; Monoclonal antibodies applied to the inner ear; Experimental Pathology; Comparative Biopathology.

Social events programme to be decided.

**Registration fee:** Participants 150 \$USA; Accompanying persons 100 \$USA

For registration contact as soon as possible:

Prof M. Ciges,  
Dept of Otorrinolaringologia,  
Faculty of Medicine,  
Avda. de Madrid 9. Granada 18012  
Spain.

Telephone number: 34-58-280200 Exts 184-185  
Fax number: 34-58-291834

THIRD ANNUAL CONFERENCE  
 INTEGRATED MANAGEMENT OF HEAD & NECK CANCER  
 A Residential Course for Trainees in  
 Head & Neck Oncology (Surgeons, Pathologists, Radiotherapists)  
 at  
 NOTTINGHAM UNIVERSITY on 17–22 September, 1989

---

Formal Lectures and Panel Discussion on  
 • Diagnosis • Histopathology • Management • Complications • Rehabilitation •  
 'Salvage' • Combined Clinic

---

Lecturers: P. J. Bradley, F.R.C.S., K. A. MacLennan, M.R.C.Path, D. A. L. Morgan, F.R.C.R.,  
 P. Selwyn, F.D.S.R.C.S., F. Robinson, L.C.S.T.

For further information:

Mr P. J. Bradley,  
 Consultant ENT Surgeon/Head & Neck Oncologist,  
 Univerity Hospital,  
 Queen's Medical Centre,  
 Nottingham NG7 2UH.  
 Telephone enquiries: Nottingham (0602) 421421 extension 4569

16<sup>TH</sup> ANNUAL MEETING OF THE  
 AMERICAN AUDITORY SOCIETY INC  
 NEW ORLEANS, 24 September, 1989

The 16th annual meeting of the American Auditory Society will be held in New Orleans, LA on Sunday, 24 September, 1989. The meeting is scheduled in conjunction with the annual meeting of the American Academy of Otolaryngology – Head and Neck Surgery.

For further information contact:

J. W. Hall, III, Ph.D.,  
 Department of Otolaryngology,  
 School of Medicine,  
 Vanderbilt University,  
 Nashville, TN 37232.

9–13 October 1989

RHINOLOGY  
 Medicine and Surgery of the Nasal Cavity and Paranasal sinuses  
 THE INSTITUTE OF LARYNGOLOGY AND OTOLOGY

The course will cover all aspects of the objective assessment of nasal function and will deal with medical and surgical management of nose and sinus pathology. It will cover surgery for infections, inflammation and neoplasia, including functional endoscopic techniques.

Information:

Cheryl Overington,  
 Courses Organizer,  
 The Institute of Laryngology & Otology,  
 330/332 Gray's Inn Road,  
 London WC1X 8EE

DEPARTMENT OF OTORHINOLARYNGOLOGY AND HEAD AND NECK SURGERY  
OF K.E.M. HOSPITAL, BOMBAY

XIIIth TEMPORAL BONE MICROSURGERY WORKSHOP

From: 2 to 5 October, 1989

VIIIth NEUROTOLOGY WORKSHOP

From: 6 to 7 October, 1989

It includes demonstration of live surgery like Mastoidectomy, Myringoplasty, Tympanoplasty, Stapedectomy, Facial Nerve Decompression and Endolymphatic Sac Decompression. Cadaveric Temporal Bone Dissection—limited to 18 participants.

The highlights of Neurotology workshop. The workshop will deal in depth the practical approach to the vertigo patient including clinical diagnosis, Audiology, Radiology, Biochemistry, Electronystagmography, Evoked Response Audiometry and Therapy both Medical and Surgical.

Registration Fee: Temporal Bone Microsurgery Workshop } £75  
Neurotology workshop }

For details please contact:

Dr M. V. Ingle  
Hon Assoc Professor,  
Department of ENT,  
K.E.M. Hospital, Parel,  
Bombay-400 012.  
INDIA.

Chairman:  
Dr S. B. Ogale,  
Professor and Head  
Department of ENT,  
K.E.M. Hospital, Parel,  
Bombay-400 012.  
INDIA.

XOMED PRIZE

This year's Xomed prize has just been awarded to Mr David A. Jonathan, Senior Registrar at the Royal National Throat, Nose and Ear Hospital, for his paper on 'The Importance of Eustachian Tube Function (measured with Sonotubometry) as a Factor in the Successful Outcome of Myringoplasty Surgery.'

Combined University  
THIRD COURSE IN ADVANCED OTOLOGY

to be held in

UNIVERSITY OF BIRMINGHAM HALL

and

BIRMINGHAM DENTAL HOSPITAL

on

18-22 September, 1989

This course covers all aspects of advanced otological practice and includes a strong faculty, generous time for practical procedures, symposia and discussion, covering chronic ear disease, vertigo, stapes surgery, implants, tumours and facial nerve surgery. There will be a social programme. Cost is £550 including all meals, accommodation and instruction.

Further details available from:

The Postgraduate Centre,  
Dudley Road Hospital,  
Birmingham B18 7QH.  
(021-554 3801 ext. 4489)

### EIGHTH BRITISH ACADEMIC CONFERENCE IN OTOLARYNGOLOGY

Dublin, July 1991

Master: Professor Donald Harrison, M.D., M.S., Ph.D., F.R.C.S.

The next Conference will take place in the Royal College of Surgeons in Ireland, St Stephens Green, Dublin, from 28 July to the 2 August, 1991.

It will follow the same pattern as previously with Main Topic Sessions being conducted in the morning and Institutional Sessions in the afternoon.

A full social programme has been arranged and special events for the Ladies.

Trade and Scientific Exhibitions will take place and the whole academic programme has been arranged within the precincts of the Royal College.

Further details and a copy of the Preliminary Notes may now be obtained from:

Mrs T. Croom-Johnson,  
Meadow Cottage,  
Church Walk,  
Wellesbourne,  
Warwickshire CV35 9QT,  
U.K.

### EVALUATION AND TREATMENT OF SWALLOWING DISORDERS

5-7 July, 1989 at UNIVERSITY OF NEWCASTLE

Instructor: J. A. Logemann, Ph.D, Northwestern University, Chicago.

For applications contact:

Mrs N. Crossley,  
Speech Therapy Service,  
Sanderson Centre,  
North Area,  
Gosforth, Newcastle,  
England NE3 4DT

### GRAY'S INN ROAD ENT FELLOWSHIP COURSE

11-22 September, 1989

(for students taking the Final F.R.C.S. in Otolaryngology)

This two week, full-time course is *limited to twenty senior students who are about to take the final F.R.C.S.* In addition to a series of lectures/demonstrations at the appropriate level, both in the specialty and in related branches of general surgery, the course will include a number of clinical and viva voce sessions, and the setting and correction of test papers.

Course Tutors: Mr C.M. Bailey and Mr C. B. Croft

Course Fee: £365.00 (Meals and refreshments not included apart from the Course Dinner).

All applications must be accompanied by the course fee. Cheques should be made payable to University College, London and sent together with the completed application form to:

Cheryl Overington,  
Courses Organizer,  
The Institute of Laryngology & Otology,  
330-332 Gray's Inn Road,  
London WC1X 8EE.

Telephone: 01-837 8855 Extension 4218

# Instructions to Authors

**Historical Articles.** Articles of this type are generally encouraged, but it is obvious that they have to provide some new information or interpretation, whether it be about a well-known person or for example an instrument associated with him, but those from within a Hospital's own department who have made a hitherto less well-known contribution would be welcome.

**Letters to the Editor.** This feature is to be re-introduced to give those who wish to comment about a paper previously published within the Journal, an opportunity to express their views. Wherever possible, we shall ask the original author to add his further comment, thereby adding to the value of the contribution. Such letters should be sent as soon as possible after publication of each month's issue of the Journal in the hope of including them as soon as possible thereafter.

'Mini-papers, such as those which appear in the British Medical Journal, Lancet, or New England Journal of Medicine, will not be acceptable except on the rare occasion that they bring information of immediate interest to the reader.

**Pathology.** It is proposed to present on a monthly or bi-monthly basis, articles which are of pathological interest with particular emphasis on the way the diagnosis was achieved, the techniques involved, etc. It is hoped that clinicians will involve their pathologists in these reports, and all illustrations must be of first-class quality. Where a department, particularly those overseas, may not have such specialized facilities, it may be possible, if a block or several unstained sections are provided for our Adviser to produce or supplement the illustration submitted. Only contributions of particular pathological interest will be accepted.

**Radiology.** It is proposed to introduce on a monthly or bi-monthly basis, short reports on cases in which the radiology has been crucial in the making of the diagnosis or the management of a particular case. This spot is to encourage clinicians and radiologists to produce material of particular interest in the specialty and to encourage co-operation in this field. Only presentations with first-class illustrations can be accepted and these must emphasise a problem of unusual clinical interest.

## Check List for Authors/Secretaries

1. Title page—Titles should be short with names of the authors, higher degrees only and the city/country. Details of the departments in which the authors work should be put lower down.  
An address for correspondence should be supplied together with the author who should receive this and this will ultimately appear beneath the list of references. If the paper was presented at a meeting, the details of this must be given and will be inserted at the bottom of the first page of the printed script.
2. Abstract—No paper will be accepted without this and it adds considerably to the Editor's time to have to write and request this if the paper is accepted.
3. To follow the Instructions to Authors with the way in which the paper is set out. It is preferred that each section should start on a fresh page with double spacing and wide margins.
4. References must be in the Harvard system; to submit a paper using the Vancouver system is automatically to have it returned or rejected.
5. *Two sets of illustrations must be included, one of half-plate size and the other with the width of 80 mm.* Illustrations must be clearly labelled with the author's name on the reverse side and where appropriate with an arrow to give orientation.
6. Authors to check manuscript and references to see that these match up particularly for dates and spelling.
7. Titles of Journals must be given in full with the date, volume number and first and *last* pages.
8. Consent to be obtained from a patient if a photograph of their face is to be reproduced.
9. If the author to whom correspondence is to be directed changes his address, he should let the Editorial Office know as soon as possible.
10. Page proofs will normally be sent out three months in advance and must be returned as soon as possible.

**Instructions to Authors** . . . . . *Inside Front Cover*

**Main Articles**

Surgery for otitis media with effusion in children and its relationship to parental smoking: *A. E. Hinton* . . . . . 559

Round window reflex and oval window fistulae: *D. S. Grewal* . . . . . 562
