Studies**

**Cambridge University Press**

*Journal of Latin American Studies* is published twice a year under the academic sponsorship of the Centres or Institutes of Latin American Studies at the Universities of Cambridge, Glasgow, Liverpool, London and Oxford.

The scope of the journal is the study of Latin America from the standpoint of the social sciences, including anthropology, archaeology, economics, geography, history, international relations, politics, sociology, etc., though it is not concerned with linguistic or literary studies.

Editorial policy avoids commitment to any political viewpoint or ideology, but welcomes free discussion of such issues in the Latin American context, on the understanding that all responsibility for opinions expressed rests exclusively with the author concerned and not with either the journal or its editors.
