

NEW BRITISH HISTORY FROM  
\* ————— KENT ————— \*

*The Life and Raigne of King Edward  
the Sixth by John Hayward*

BARRETT L. BEER, ED.

FOREWORD BY LACEY BALDWIN SMITH

THIS IS the first scholarly edition of the earliest biography of the last Tudor king. Using the printed editions, which were originally published in the 1630s, and unpublished manuscripts, Beer produces the most complete text of Hayward's book that has ever appeared in print. In the introduction, he examines the environment in which Hayward wrote and considers the influence this pioneering work has had on attitudes toward the mid-Tudor period. \$35.00

*The Diplomacy of Pragmatism*

Britain and the Formation of NATO, 1942–1949

JOHN BAYLIS

"THE MOST thorough treatment available on NATO and British policy in the 1944–49 period. . . . It contains a number of original arguments, such as the contention that Bevin held hopes of maintaining a decent working relationship with the Soviet Union until very late in the day, and is founded upon impressive research."—*Robert M. Hathaway*

"Offers a new multipolar approach as to why the Cold War started. . . . Specialists of British foreign policy history and NATO will find this book extremely valuable."—*Captain Gilles Van Nederveen, USAF, The Friday Review of Defense Literature* \$35.00

## WRITING WOMEN IN JACOBEAN ENGLAND

*Barbara Kiefer Lewalski*

Barbara Lewalski examines women who—as queens and petitioners, patrons and historians and poets—took up the pen to challenge and subvert the repressive patriarchal ideology of Jacobean England. Setting out to show how these women wrote themselves into their culture, Lewalski rewrites Renaissance history to include some of its most compelling—and neglected—voices.

"An important contribution to the study of English literature and feminism that will encourage further investigation of a neglected era, this book is highly recommended."

## EVE AND THE NEW JERUSALEM

Socialism and Feminism in the  
Nineteenth Century

*Barbara Taylor*

Now one of the key texts in nineteenth-century history and winner of the prestigious Isaac Deutscher Memorial Prize in 1983, Barbara Taylor's brilliant study of Owenite socialism has opened the way to an important reinterpretation of the socialist tradition and recovered the crucial connections between socialist aims and feminist aspirations. In the early nineteenth century, radicals all over Europe and America began to conceive of a "New Moral World" and struggled to create their own utopias. In Britain, the Utopian Socialist Robert Owen attracted thousands of followers, many of them women, who for more than a quarter of a century attempted to put theory into practice in their local societies, in trade unions, and in communities of Mutual Association.

"Absolutely necessary reading as history and as a contribution to our contemporary understanding."

—Raymond Williams

*New in Paperback!*

## THE BATTLE OF THE FROGS AND FAIRFORD'S FLIES

*Miracles and the Pulp Press During  
the English Revolution*

Jerome Friedman

*The Battle of the Frogs and Fairford's Flies* examines 500 newsbooks and pulp publications produced from 1640 to 1660 to determine how the most ordinary Englishmen conceived of the civil war. Friedman enters the world of enchanted belief, superstition, folk religion and magic as he investigates why Englishmen *outside* Parliamentary circles were only incidentally concerned with the political, economic and religious questions that have so preoccupied scholars of the period.

1993/330 pp./ISBN 0-312-10170-8 \$18.95 pb.

## ST. MARTIN'S GUIDE TO SOURCES IN CONTEMPORARY BRITISH HISTORY

Edited by Chris Cook and David Waller

This book opens up the wealth of sources now becoming available for the study of Britain since the end of World War II and provides a compact guide to the records of over one thousand organizations. The information ranges from the major archives of political parties, trade unions and employers' organizations, to the lesser-known records of pressure groups which have been active in a multitude of causes. The entries give a brief account of the history and aims of the organization concerned, a survey of the records which survive and notes on their location and availability.

Oct./384 pp./ISBN 0-312-10303-4 \$69.95
