Exhaustible Resource Allocation, Intergenerational Equity, and Sustainability / *Knapp*

Improving the Relevance of Research on Price Forecasting and Marketing Strategies / *Brorsen and Irwin*

The Role of Economic Analysis in Local Government Decisions: The Case of Solid Waste Management / *Halstead and Park*

Volume Number

25 / 1

April 1996

*Published by the
Northeastern Agricultural and
Resource Economics Association*

The *Agricultural and Resource Economics Review* (ISSN 1068-2805) (formerly the Northeastern Journal of Agricultural and Resource Economics, ISSN 0899-367X) is the official publication of the Northeastern Agricultural and Resource Economics Association (NAREA). The purpose of the *Review* is to foster and disseminate professional thought and literature relating to the economics of agriculture, natural resources, and community development. It is the editorial policy of the *ARER* to encourage manuscript submission without regard to author(s) affiliation and/or location. The *ARER* is published twice a year in April and October. In addition to normal refereed articles, it also publishes invited papers presented at the annual meetings of the NAREA as well as abstracts of selected papers presented at those meetings. It periodically calls for articles written on a specific topic. Membership in the NAREA is open to all persons having an interest in agricultural and resource economics. Membership dues include subscription to the *Review* and are \$15.00 per year for regular membership and \$5.00 per year for students. Single copy prices are \$7.50 per issue.

Address all manuscripts and editorial material to:

Linda K. Lee
Editor, *ARER*
Department of Agricultural and Resource Economics, U-21
W.B. Young 318, 1376 Storrs Road
University of Connecticut
Storrs, CT 06269-4021
