

PHILOSOPHY DOCUMENTATION CENTER

Henri Bergson: A Bibliography. The first in the series of bibliographies of famous philosophers being published by the Philosophy Documentation Center. This comprehensive and up-to-date bibliography covers the philosophic, literary, and scientific aspects of Bergson's thought.

The Directory of American Philosophers. A handbook of philosophy covering the United States and Canada with information on faculties of philosophy, names, addresses, and specialties of philosophers, data on colleges and universities, philosophical societies, philosophical centers and institutes, philosophy journals, publishers of philosophical works and data on fellowships and assistantships (types and dollar amounts) available in philosophy.

The International Directory of Philosophy and Philosophers. A handbook of philosophy covering Europe, Central and South America, Asia, Australia, and Africa. This directory provides names, addresses, and specialties of philosophers as well as data on colleges, universities, philosophical societies, philosophical institutes, philosophical journals, and publishers of philosophical works.

The Philosopher's Index: An International Index to Philosophical Periodicals and the Philosophy Research Archives. An up-to-date index of articles from more than 260 philosophy and interdisciplinary journals and papers of the Philosophy Research Archives. In the author index you find complete bibliographic information on an article as well as an abstract written by the author. The "Book Review Index" contains an alphabetical listing by author of recently published philosophy books, which have been reviewed in the journals which we index. In addition, through the "Translations in Progress" section one can become aware of important philosophical works being translated and soon to be available to the philosophic community.

The Philosopher's Information Retrieval System (PIRS). A computerized retrieval system that will store data and provide custom bibliographies with abstracts on any logical combination of philosophical topics. PIRS is expected to be in operation in 1975.

The Bibliography of Philosophy. Contains reviews and notices of books published in philosophy in the western world. As the U.S. editorial center, we select important philosophy books for review, and forward all reviews and notices to the editor in Paris.

Mailing Labels of 10,500 philosophers in the United States and Canada are available as well as addresses by specialty, i.e., 1144 in Ethics, 833 in History of Modern Philosophy, etc.
