Shattering the Myth

Islam beyond Violence

Bruce B. Lawrence

Islam is often portrayed, especially in Western media, as an alien, violent, hostile, and monolithic religion, whose adherents are intent upon battling nonbelievers throughout the world. It is time, Bruce Lawrence believes, to replace these inaccurate images. *Shattering the Myth* provides insights into the history of Islam and a greater understanding of the varied experiences of Muslims today.

Lord of the Three in One

The Spread of a Cult in Southeast China

Kenneth Dean

Lin Zhao'en (1517–1598) set out to popularize Confucianism by combining Confucian studies with Daoist inner alchemical techniques and Buddhist Chan philosophy into something he called the Three in One Teachings. The Three in One cult has undergone a remarkable revival in post-Mao China: today Lin is worshipped in over a thousand temples by tens of thousands of cult initiates. In this book, based on ten years of field work, Kenneth Dean vividly documents the surprising reemergence of this cult.

Guanzi

Political, Economic, and Philosophical Essays from Early China: A Study and Translation

Volume II

Translated by W. Allyn Rickett

Named for the famous Chinese minister of state, Guan Zhong (d. 645 B.C.), the *Guanzi* is one of the largest collections of ancient Chinese writings still in existence. With this volume, W. Allyn Rickett completes the first full translation of the *Guanzi* into English. This represents a monumental effort, as the *Guanzi* is a long and difficult work. Throughout the text, Rickett provides extensive notes. He also supplies an introduction to the volume and a comprehensive index.
