

TIMELY AND HIGHLY INFORMATIVE

THE LAND OF PROMISE

A CRITIQUE OF POLITICAL ZIONISM

Abdelwahab M. Elmessiri

Foreword by JOHN H. DAVIS

- "A point of view...rarely heard in the United States...reasoned and documented...worth careful consideration."
Noam Chomsky
- "A most remarkable book...the best description of Zionism...very much superior to any study of Zionism yet published in English."
Israel Shahak,
Hebrew University
- "A disciplined, scholarly critique of Zionism...an important—perhaps invaluable—study."
Rabbi Elmer Berger,
Middle East International
- "A well-researched and learned book... The reader...will learn much about the theory and practice of Zionism."
Choice

An exhaustive, painstaking and timely study of the historical roots of Zionism as a political movement originating in Europe, and the multi-faceted role it played in recasting the spiritual and moral values of Judaism in ethnic terms. Detailed and well-documented, the book deals in depth with the fundamental issues inherent in Zionist theory and practice, highlighting the part it played in touching off the Middle East conflict and in creating a Palestinian "diaspora."

ISRAEL AND SOUTH AFRICA

THE PROGRESSION OF A RELATIONSHIP

REVISED EDITION

with Foreword by John Henrik Clarke

Richard P. Stevens & Abdelwahab M. Elmessiri

- "The authors deal in depth with many of the neglected dimensions of Israel's relationship with South Africa."
John Henrik Clarke
- "Contains much information...a useful reader."
W. Carroll,
Merip
- "[The authors] do provide the essential structural and historical framework."
Gary Smith, Alabama University,
AAUG Newsletter
- "Highly recommended...filled with information...one more vital link in placing this relationship [between Israel and South Africa] in the broader global context."
Robert Van Lierop,
Journal of Palestine Studies

Five scholarly essays which help bring into sharp focus the points of similarity in the origins of Israel and South Africa. Documented evidence is offered by both authors to demonstrate how relations between those two nineteenth-century colonialist ventures progressed. The strong ties, linking South Africa's white regime to Israel's Zionist establishment, are clearly seen in the wealth of newspaper articles, official memoranda, documents and memoirs which chronicle the relations between Pretoria and Tel Aviv.

Mehmed

the Conqueror and His Time

FRANZ BABINGER

Edited by **WILLIAM C. HICKMAN** ✂

Translated by **RALPH MANHEIM**

From the spectacular seige of Constantinople in 1453 through the numerous campaigns in East and West that securely established the Ottoman Empire and the European image of the Turk for many years, the events in the life of Mehmed II form the complex and dramatic subject of Franz Babinger's history. This first English edition, translated from the German, incorporates revisions from the later Italian edition as well as those made expressly by the author for this volume. Bibliographical notes reflecting recent scholarship, and a preface, have been prepared by the American editor. *Bollingen Series XCVI*. Illus. \$30.00

The entire span of Middle East history

NEW

THE MIDDLE EAST: A History
Third Edition

Sydney Nettleton Fisher, The Ohio State University

A new, fully updated and revised edition of the noted text that unravels the complexities of Middle Eastern history for the beginning student. Taking the position that the contemporary Middle East, more than most other cultures, must be seen in historical perspective to be properly understood, Professor Fisher offers a lucid narrative history of individual nations and the region as a whole, from the birth of the Prophet Muhammed in the 6th century to the present. By the time students reach the Post-WWI epoch (covered in particular detail), they've received enough comprehensive background to have a solid understanding of contemporary events within the continuum of Middle Eastern history.

This new edition has been revised throughout, not only covering events through the past decade, but emphasizing those elements of the past that lead to a broader understanding of the present, such as:

- a completely new chapter with coverage of Iran commensurate with its recent emergence as a significant force in the area;
- a completely new chapter on the smaller oil-rich states of Kuwait, Qatar, United Arab Emirates, and Oman, reflecting their rise to world prominence;
- a completely new chapter on the British occupation of Egypt and Sudan;
- greater emphasis on economic factors;
- new material on early expansion of Arabs and Islam; the rise, institutions, and decline of the Ottoman Empire; the transition from Byzantine life to Turkish life, and much more.
