The Rise and Fall of Anne Boleyn

Retha M. Warnicke

"Thanks to the events surrounding her courtship with and ultimate marriage to Henry VIII... and the sordid yet mysterious circumstances of her execution, Anne Boleyn has always been a fascinating figure. Both popular and scholarly biographers of her have come along with some regularity. Quite simply though, this one transcends all previous efforts." – *Library Journal*

Church Courts, Sex and Marriage in England, 1570–1640

Martin Ingram

"Martin Ingram's excellent study examines and analyzes the activities of ecclesiastical courts in Elizabethan and early Stuart England. Underlying this focus he considers a broad range of questions related to marriage and sexuality, which render his work both fascinating and meaningful." – Paul F. Grendler, *The Sixteenth Century Journal*

John Skelton and the Politics of the 1520s

Greg Walker

This book examines the remarkable series of satires written against Cardinal Wolsey, the chief minister of Henry VIII, by the poet John Skelton. These often-quoted satires have never been examined closely by a scholar capable of combining literary and historical techniques. The author proposes that satires were opportunistic attempts to seek patronage and advancement.

Worlds Within Worlds

Structure of Life in Sixteenth-Century London

Steve Rappaport

The enormous growth of London during the early modern period brought with it major social problems. However, Professor Rappaport's analysis of the individual careers of over one thousand inhabitants shows that the institutional superstructure of the city was more adaptable, its small social organizations more resilient, and opportunities for social mobility far greater than many historians have recognized.
