

PROCEEDINGS

OF

THE EDINBURGH MATHEMATICAL SOCIETY

SERIES 2—VOL. 3—PART IV

EDITED BY

Professor H. W. TURNBULL, M.A., F.R.S.

AND

E. T. COPSON, M.A., D.Sc.

CONTENTS

	PAGE
SETS OF SEMI-COMMUTATIVE MATRICES—PART II: J. WILLIAMSON ...	231
ON THE ASYMPTOTIC PERIODS OF INTEGRAL FUNCTIONS: J. M. WHITTAKER ...	241
THE JACOBIAN CURVE OF A NET OF QUADRICS: W. L. EDGE ...	259
ON STRANEO'S UNIFIED THEORY OF GRAVITATION AND ELECTRICITY: P. G. GORMLEY ...	269
BESSEL-INTEGRAL FUNCTIONS: PIERRE HUMBERT ...	276
A SIMPLE METHOD OF ESTABLISHING RELATIONS BETWEEN THETA-FUNCTIONS OF ZERO ARGUMENT: J. P. DALTON ...	286
A GENERALISATION OF A THEOREM OF E. TOEPLITZ: J. ANDERSON ...	289
NOTE ON AN "ALTERNANT" WITH FACTORIAL ELEMENTS: ZIA-UDDIN ...	296
ALEXANDER G. BURGESS, M.A., D.Sc., F.R.S.E.: PETER COMRIE ...	300

Issued August 1933

EDINBURGH:

PRINTED BY LINDSAY & CO., LTD., 17 BLACKFRIARS STREET,

AND PUBLISHED FOR THE SOCIETY BY

G. BELL & SONS, LTD., PORTUGAL STREET, LONDON, W.C. 2

THE EDINBURGH MATHEMATICAL SOCIETY is instituted for the promotion and extension of Mathematical Science—Pure and Applied.

It consists of Ordinary and Honorary Members.

Candidates for admission as Ordinary Members are proposed and seconded at one ordinary meeting of the Society, and balloted for at the next, a majority of at least two-thirds of the members present being necessary for election.

The Annual Subscription for ordinary membership is ten shillings. Any Ordinary Member may compound for his Annual Subscription by the payment of six guineas in one sum, subject to a reduction of one guinea after ten years' membership and a reduction of one guinea for each subsequent five years' membership of the Society.

The Committee of the Society may nominate as Honorary Members persons eminently distinguished in the Mathematical Sciences. The mode of election is, otherwise, the same as for Ordinary Members.

Each Member whose Subscription is not in arrears receives the *Proceedings* and the *Mathematical Notes* as published.

Members wishing to complete their sets of the *first* series of *Proceedings* can have back volumes—so far as these are in print—on application to the Hon. Secretary, on payment of five shillings per volume, in addition to postages. Other intending purchasers of volumes of *Proceedings* should apply to the Publishers, G. BELL & SONS, LTD.

Presents to the Library of the Edinburgh Mathematical Society should be addressed to the

HON. LIBRARIAN, EDINBURGH MATHEMATICAL SOCIETY,
16 CHAMBERS STREET, EDINBURGH.

All papers and other communications should be sent to the

HON. SECRETARY,
EDINBURGH MATHEMATICAL SOCIETY,
16 CHAMBERS STREET, EDINBURGH.

PROCEEDINGS
OF THE
EDINBURGH
MATHEMATICAL SOCIETY
SECOND SERIES

VOL. 3
1932—1933

London:
G. BELL & SONS LTD., YORK HOUSE, PORTUGAL STREET

NOTE

The Society desires to acknowledge with hearty thanks the generous help received from the Carnegie Trust, and from the University Court of St Andrews University, who have defrayed part of the cost of printing the following papers:

Carnegie Trust.

“On the Evaluation of Determinants, the Formation of their Adjugates, and the Practical Solution of Simultaneous Linear Equations,” by A. C. Aitken (p. 207).

“An Approximation connected with e^{-x} ,” by E. T. Copson (p. 201).

“On Functions of Integrals,” by R. P. Gillespie (p. 87).

St Andrews University Court.

“A Generalisation of a Theorem of E. Toeplitz,” by J. Anderson (p. 289).

“James Gregory: A Study in the Early History of Interpolation,” by H. W. Turnbull (p. 151).
