Economics & Philosophy

Editors

Martin van Hees, *University of Groningen, Netherlands*

James Konow, *Kiel University, Germany and Loyola Marymount University, USA*

Christian List, *London School of Economics, UK*

François Maniquet, *CORE (Université Catholique de Louvain), Belgium*

The disciplines of economics and philosophy each possess their own special analytical methods, whose combination is powerful and fruitful. Each discipline can be enriched by the other. *Economics & Philosophy* aims to promote their mutual enrichment by publishing articles and book reviews in all areas linking these subjects. Topics include the methodology and epistemology of economics, the foundations of decision theory and game theory, the nature of rational choice in general, historical work on economics with a philosophical purpose, ethical issues in economics, the use of economic techniques in ethical theory, and many other subjects.

Social Philosophy & Policy

Published for The Social Philosophy and Policy Foundation

Editors

Ellen Frankel Paul, *Bowling Green State University, USA*

Fred D. Miller, Jr., *Bowling Green State University, USA*

Jeffrey Paul, Jr., *Bowling Green State University, USA*

Social Philosophy and Policy is an interdisciplinary journal with an emphasis on the philosophical underpinnings of enduring social policy debates. The issues are thematic in format, examining a specific area of concern with contributions from scholars in philosophy, economics, political science and law. While not primarily a journal of policy prescriptions, some articles in each issue will typically connect theory with practice.
