

CORRIGENDUM

J. W. S. CASSELS, *A note on the division values of $\wp(u)$.*

Monsieur Y. Hellegouarch has pointed out to me that the inequality (13₁) of my paper 'A note on the division values of $\wp(u)$ ' (*Proc. Cambridge Phil. Soc.* **45** (1949), 169–172) does not follow from the argument hinted there and is almost certainly incorrect. All the argument shows is that the rather weaker estimate in (13₂) holds for $m = p^k$ as well as for $m = 2p^k$.

The erroneous claim is reproduced in my report 'Diophantine equations with special reference to elliptic curves' (*J. London Math. Soc.* **41** (1966), 193–291) in expression (17.14) on page 247.
