Paul Jobin is Associate Research Fellow at the Institute of Sociology, Academia Sinica, Taiwan. His PhD dissertation on Minamata disease and other industrial diseases in Japan received the Shibusawa-Claudel Prize. His research since then has focused on issues of environmental justice in Japan and Taiwan, including a series of seminal articles on nuclear plant workers in Fukushima. Among his recent publications is a co-edited volume *Environmental Movements and Politics of the Asian Anthropocene* (Singapore: ISEAS, 2021).
