Cambridge University Press

The politics list at Cambridge is one of unparalleled quality and range.

Our books list routinely tops surveys of political scientists for the calibre of its output, which includes field-defining series such as Cambridge Studies in Comparative Politics, Cambridge Studies in International Relations and Cambridge Texts in the History of Political Thought.

*American Political Science Review* and *International Organization* are widely recognised as the leading generalist journals in political science and international relations, while the likes of *British Journal of Political Science* and *World Politics* remain essential reading for researchers worldwide.

For students and scholars across the breadth of political enquiry, Cambridge is the resource of choice.
