Introducing ChloraPrep®

2% Chlorhexidine Gluconate (CHG) w/v & 70% Isopropyl Alcohol (IPA) v/v antiseptic

An antiseptic approved for preoperative skin preparation

Not since the introduction of povidone iodine has a new antiseptic caused this much excitement. The ChloraPrep formulation, 2% CHG in 70% IPA, is a fast-acting, broad spectrum, persistent antiseptic that significantly reduces the number of microorganisms on patient's intact skin. ChloraPrep combines the fast acting power of IPA and the persistent power of CHG.

Fast. Safe. Persistent. Proven Effective.

An applicator as innovative as the antiseptic

ChloraPrep is packaged in a unique one-step applicator. Angled like a pen for a smooth and fluid spread of the ChloraPrep solution, the applicator facilitates one-step aseptic preparation of the patient's skin with an easy-to-use ergonomic design. **No swabs to drip. No mess. No stain.**

All in One Simple Step.

Free samples!

We would like for you to try ChloraPrep.
For more information and samples, please contact us
at www.chloraprep.com or 1-800-523-0502 today.

PUBLISHER: Infection Control and Hospital Epidemiology (ISSN-0899-823X, Canadian GST#129780466) is published exclusively by SLACK Incorporated 12 times a year. Address: 6900 Grove Rd., Thorofare, NJ 08086. Telephone: (856) 848-1000.

SHEA: 19 Mantua Rd., Mt. Royal, NJ 08061; telephone, 856-423-0087; fax, 856-423-3420; e-mail address, sheahq@talley.com.

COPYRIGHT 2001 The Society for Healthcare Epidemiology of America, Inc., and SLACK Incorporated. All rights reserved. No part of this publication may be reproduced without written permission from the publisher. Printed in the USA.

SUBSCRIPTIONS: Requests should be addressed to the publisher (except Japan). In Japan, contact Woodbell Incorporated, 4-22-11, Kitakasai, Edogawaku, Tokyo 134, Japan. Subscription rates in the United States and possessions: Individual: One year-\$109.00; Two years-\$169.00; Three years-\$229.00; Institutional: One year-\$139.00; Two years-\$209.00; Three years-\$269.00. Fellows: \$54.50 per year with proof of training status. Canada: add 7% Goods & Services tax; Overseas: add \$49.00 each year for delivery by air service. Single copies of current issues may be obtained for \$19.00.

INSTRUCTIONS TO AUTHORS: Authors may submit manuscripts prepared in accordance with the 1997 revision of the "Uniform Requirements for Manuscripts Submitted to Biomedical Journals." The Uniform Requirements has been published in several journals, including *Infect Control Hosp Epidemiol* 1997;18:457-464 and *Ann Intern Med* 1997;126:36-47. A digital version is available on our web site (<http://www.slackinc.com/general/iche/ichehome.htm>). Submit to ICHE Editorial Offices, Vanderbilt University School of Medicine, A-1131 Medical Center North, Nashville, TN 37232-2637, USA. All submissions must be accompanied by copyright form(s) signed by all authors (see January issue or our web site).

REPRINTS: All requests to reprint or use material published herein should be addressed to Karen Lambertson, SLACK Incorporated, 6900 Grove Rd., Thorofare, NJ 08086. For reprint orders and prices, contact Karen Lambertson at (856) 848-1000. Authorization to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by SLACK Incorporated, provided that the base fee of \$1.00 per copy, plus \$.15 per page is paid directly to Copyright Clearance Center, 27 Congress St., Salem, MA 01970. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotional purposes, or for creating new collective works.

CHANGE OF ADDRESS: Notice should be sent to the publisher 6 weeks in advance of effective date. Include old and new addresses with zip codes. The publisher cannot accept responsibility for undelivered copies. Periodicals postage paid at Thorofare, New Jersey 08086-9447 and at additional mailing offices. POSTMASTER: Send address changes to SLACK Incorporated, 6900 Grove Rd., Thorofare, NJ 08086.

INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY is listed in Index Medicus, Current Contents-Clinical Practice, Hospital Literature Index, Cumulative Index to Nursing & Allied Health Literature, Nursing Abstracts, Laboratory Performance Information Exchange System, and RNdex Top 100.

SHEA

THE SOCIETY FOR HEALTHCARE EPIDEMIOLOGY OF AMERICA

Where do you fit in SHEA?

SHEA was established to advance the study and application of hospital epidemiology—both traditional infectious disease epidemiology and non-infectious disease epidemiology as they relate to patient care, health care worker safety, quality improvement and outcomes research in and out of the hospital setting.

SHEA's primary goal is to educate members and improve their ability to be infection control and quality assurance practitioners. This is accomplished through our journal, *Infection Control and Hospital Epidemiology*; a series of position papers by experts in the field; annual scientific meetings; training courses in hospital epidemiology; industry surveys; and a state grassroots legislative network.

SHEA has more than 1200 members from 29 countries that are active in SHEA and in infection control in their own countries.

We welcome all qualified individuals working or interested in healthcare epidemiology.

Where Great Minds Join Together.

To inquire about becoming a member of SHEA, contact us today.

Phone: 856/423-0087

Fax: 856/423-3420

E-mail: sheahq@talley.com

Web site: www.shea-online.org

Mailing address: 19 Mantua Road,
Mt. Royal, New Jersey 08061

Smart membership benefits:

As part of your SHEA membership, you will receive the following:

The society's official journal—*Infection Control and Hospital Epidemiology*—at no charge. Non-members pay \$110 (U.S.) just for a subscription. That's the same price as annual membership dues in SHEA, which entitle you to yearlong benefits.

Access to the SHEA Web site, which includes position papers and data on salaries for healthcare epidemiologists and remuneration for part-time services in hospitals.

Reduced registration fees to annual scientific meetings and training courses.

Inclusion and access to the SHEA Membership Directory with more than 1200 member listings.

The opportunity to influence the field of healthcare epidemiology through participation on SHEA committees and boards.

Society for Healthcare Epidemiology of America Seeks Journal Editor

The Society for Healthcare Epidemiology of America is seeking candidates for the position of Editor for *Infection Control and Hospital Epidemiology* (ICHE). The Editor of ICHE will chair the editorial advisory board and supervise the editorial office and the editorial staff, including a managing editor and administrative support; will supervise the editorial content and substance of the Journal; will serve as a decision maker in situations involving manuscripts suitable for publication; will serve as the Society's liaison with the publisher and manage the services to be provided under contractual agreement with the publisher and assure that services are provided in a manner that promotes ICHE's integrity and the Society's professional reputation; will promote communication among the many individuals involved in the publication; will propose innovation in the Journal in content, emphasis, and form; will represent the Journal at meetings with organizations and individuals interested in ICHE; will attend Board of Directors, Publication Committee, and Editorial Board meetings as necessary and provide reports on the progress and activities of the Journal.

The candidate will begin his or her term at a mutually agreed upon date sometime in the first quarter of 2001 and will serve for a term of 5 years. At the end of the 5-year term, the Editor may be reappointed for an additional 5-year term without a competitive search.

To apply, please forward a letter of application stating your interest and qualifications, including personal publication experience, editorial experience, special training, computer technology, commitment of support from your institution, and membership in SHEA. Please include current curriculum vitae. Applications should be sent to John Sellick, DO, SHEA Publications Committee Chair, 19 Mantua Rd, Mt Royal, NJ 08061. For further information regarding the position, please contact Stephanie Dickinson, SHEA Executive Director, at 856-423-0087 or sheahq@talley.com.

All The Facts For Your Immunization Program

Immunizing Healthcare Workers: A Practical Approach

Edited by Gregory A. Poland, MD; William Schaffner, MD; Gina Pugliese, RN, MS
300 pp, Hard Cover, 2000, ISBN 1-55642-450-7, Order # 14507, \$109.00

Immunizing Healthcare Workers: A Practical Approach is the first complete resource for dealing with the immunization of healthcare workers. You can find all of the latest information on successfully and safely implementing or updating your immunization program in this landmark book.

Inside you will find that for each of the vaccine-preventable diseases among workers, there is a discussion of disease risks in the healthcare setting, vaccine recommendations, special administration strategies, safety issues, discussion of unresolved issues, and answers to commonly asked questions. There are also case studies of sample programs in specific settings.

This phenomenal book contains the latest recommendations from the US Public Health Service Advisory Committees, Healthcare Infection Control Practices Advisory Committee (HICPAC), and the Advisory Committee on Immunization Practices (ACIP).

Read how the experts overcame obstacles while setting up immunization programs in their healthcare settings. With over 45 contributors to 32 chapters, **Immunizing Healthcare Workers: A Practical Approach** is an essential source for the latest information necessary to implement an effective immunization program.

Both textbooks are an official publication of
The Society for Healthcare Epidemiology of America (SHEA).

Some Case Study Topics:

- Immunizing Providers and Staff in Physicians' Offices
- Vaccination of Healthcare Workers in Long-Term Care Facilities for the Elderly
- Immunization of Affiliating Students and Contract Home Healthcare Workers
- Immunization Strategies for Home Healthcare Personnel
- Immunization of Workers with Altered Host Defenses
- Vaccinating Unimmunized and Partially Immunized Workers
- Assessing Immunity and Exposures: Using a Computerized Surveillance System
- Managing Information in an Immunization Program
- The Internet: A Quick Guide to Vaccine & Immunization Information

A Practical Handbook for Hospital Epidemiologists

Edited by: Loreen A. Herwaldt, MD and co-edited by Michael D. Decker, MD, MPH
448 pp, Soft Cover, 1998, ISBN 1-55642-302-0,
Order # 13020, \$65.00

A Practical Handbook for Hospital Epidemiologists is the most complete source for practical advice on hospital epidemiology. It is intended to be a pragmatic guide that will assist both beginning and experienced practitioners in establishing and operating a successful hospital epidemiology program. This handbook will supplement the various scientific references already available for this field and will help hospital epidemiologists improve their practices.
