

# The Journal of General Microbiology

Editors: B. C. J. G. KNIGHT and A. F. B. STANDFAST

The *Journal of General Microbiology* is conducted by the Society for General Microbiology, whose aim is to promote the advancement of microbiology by providing a common meeting ground for those working in all the various specialized fields including, for example, medical, veterinary, agricultural and economic microbiology. The Society is concerned with the more fundamental aspects of the study of bacteria, viruses, micro-fungi, protozoa and microscopic algae in their various biological activities, its members being united by the common aim of developing scientific knowledge concerning micro-organisms.

*The subscription rate is 90s. net per volume of 3 parts, Single parts 35s. each, plus postage. Two volumes will be issued each year. Orders should be sent to*
