## THE JOURNAL

The Journal of the Australian Mathematical Society began publication in 1959, and from 1975 has appeared in two series, Series A (Pure Mathematics) and Series B (Applied Mathematics). Information about Series B may be found on the inside back cover.

### Series A, Pure Mathematics

Two volumes of four parts each are published annually, at a price of A\$40 per volume in 1978. Authors submitting papers for publication should send two copies of the typescript, each containing an abstract and a subject classification (Amer. Math. Soc. (MOS) 1970), to the Editor or to an appropriate Associate Editor. Authors are asked to follow the instructions in the American Mathematical Society publication *A manual for authors of mathematical papers*, except as indicated on the back cover of this issue.
