*CHG protection*  
now comes  
with a *view.*

**Introducing 3M™ Tegaderm™ CHG  
Chlorhexidine Gluconate IV Securement Dressing.**

If you're looking for a way to help staff comply with your protocols and deliver best patient care, the answer is finally clear. New Tegaderm™ CHG integrates antimicrobial protection with the transparent dressing that's easy to use. So you get the same protection every time.

- *Clear, allowing continuous visualization of the insertion site*
- *Proven to be as effective as, or better at, reducing skin flora on healthy volunteers for up to 10 days than BIOPATCH® and more effective at preventing re-growth at 7 days*
- *Integrated design of dressing and CHG gel pad reduces application steps and minimizes potential for application error*

*A new look at IV site protection.*

Visit [www.3M.com/tegadermchg](http://www.3M.com/tegadermchg) for more information.

**3M™ Tegaderm™** Dressings SIMPLE. DEPENDABLE. TRUSTED.
