PSYCHOMETRIKA—VOL. 43, NO. 4.
DECEMBER, 1978
ERRATA

ERRATA TO OPTIMAL SCALING OF PAIRED COMPARISON AND RANK ORDER DATA: AN ALTERNATIVE TO GUTTMAN'S FORMULATION

SHIZUHIKO NISHISATO THE ONTARIO INSTITUTE FOR STUDIES IN EDUCATION

Two formulas in Nishisato [1978] were erroneous. The correct versions of them are as follows:

Formula (9), p. 265
$$SS_t = 2Nx'x$$

$$SS_t = N(n-1)x'x$$
Formula (10), p. 266
$$SS_b = \left[\frac{2}{n(n-1)^2}\right]x'E'Ex$$

$$SS_b = \left[\frac{1}{n(n-1)}\right]x'E'Ex$$

The other formulas and the discussion are correct.
