Infection prevention and control in healthcare settings is a critical public health problem rapidly gaining interest.

Are you current with the latest trends and evidence?

Join SHEA Today!

Stay on top of emerging science and evidence-based strategies to prevent and control infections and to improve quality-of-care in your healthcare facility.

SHEA supports members' efforts to improve patient care and healthcare worker safety through:

- Research
- Education & Training
- Policy Development
- Evidence-based Practical Guidelines
- Mentorship and Professional Development
