

ANIMAL PRODUCTION

JOURNAL OF THE BRITISH SOCIETY OF ANIMAL PRODUCTION

MAY 1970

VOL. 12 PART 2

OLIVER & BOYD

A DIVISION OF LONGMAN GROUP LIMITED

INFORMATION FOR CONTRIBUTORS TO
ANIMAL PRODUCTION

Animal Production publishes papers on original research provided that they have not been and, with the exception of authors' summaries, will not be published elsewhere without the Editors' written permission. Authors' summaries can be reproduced if full acknowledgement of the source is made.

Contributions may be in the field of animal production, or in any related scientific field. Reports on techniques will be published only as appendices to scientific papers. Results of research which do not warrant a comprehensive presentation may be submitted for consideration as *Notes*. *Notes* are not intended for the publication of interim results. They should not exceed 2000 words or the equivalent inclusive of tables and illustrations.

Manuscripts should be typewritten in double spacing with wide margins. Each page and the lines on each page should be numbered. *Two* copies of the typescript (one of illustrations) should be sent to

Dr. Gerald Wiener,
Animal Production,
A.R.C. Animal Breeding Research Organisation,
West Mains Road, Edinburgh EH9 3JQ, Scotland

Manuscripts are not returned with proofs; authors should therefore retain copies.

For guidance to the general style which should be adopted in the writing and presentation of papers authors are referred to *General Notes on the Presentation of Scientific Papers* (2nd revised ed., 1965) published by the Royal Society, London (price 5s.). Points of detail applying particularly to *Animal Production* are given below.

Units of Measurement. Metric units should be used whenever possible and exclusively for papers published from 1971 onward. (Exception may be made for papers in series started prior to 1970.)

Illustrations. The same material should not normally be presented in tables and figures. Legends should be typed on a separate sheet.

- (a) Diagrams should be drawn in Indian ink, about twice the size of the finished block, on Bristol board or stout tracing paper. Photographed diagrams are also accepted. Lettering inside the framework of the diagram should be inserted in Indian ink. Marginal lettering may, if preferred, be inserted lightly in pencil.
- (b) Photographs intended for half-tone reproduction should be on glossy paper. They will be accepted only if found necessary by the Editors.
- (c) Colour plates are unlikely to be accepted unless authors bear the cost.

[Continued on inside back cover

Single number, 25s. or \$4.00 net. Annual subscription, 90s. or \$14.00

Front cover centrepiece: *Asses. Part of panel of domesticated animals from tomb of Sahure, Egyptian fifth dynasty c. 2650 B.C. (after Hilzheimer).*

ANIMAL BREEDING ABSTRACTS

will keep you aware of the latest literature on livestock breeding and production for the reasonable outlay of 160s. annually, or 315s. if you live outside the British Commonwealth or the Republic of Ireland. If you are investigating a specific subject, why not avail yourself of our **Annotated Bibliography Service**. Here are some recent titles:

<i>Number</i>	<i>Subject</i>	<i>Period covered</i>	<i>Number of References</i>	<i>Price</i>
125	South Devon cattle	1944-69	26	6s.
126	Crossbreeding in pigs	1960-69	115	35s.
127	Rare breeds of sheep in Britain	1951-69	19	6s.
128	The effect of high temperatures on fertility in rams and ewes	1961-69	39	12s.
129	Intensive beef production	1963-69	83	24s.
130	Selected references on beef production	1951-69	172	45s.
131	Meat production of bulls	1961-69	113	30s.
132	Heterosis in pigs	1960-68	17	6s.
133	Inbreeding in pigs	1958-68	51	15s.

These are duplicates of bibliographies prepared on request at the Commonwealth Bureau of Animal Breeding and Genetics, Edinburgh. In addition to the full title reference, the abstract published in *Animal Breeding Abstracts* is reproduced. They can be obtained on application to the Director of the Bureau, The King's Buildings, West Mains Road, Edinburgh, EH9 3JX. The prices include postage by ordinary mail, and the remittance should be sent with the order *unless you want it posted by air mail*. If the material is to be sent by air mail, do not send money with your request. You will receive an invoice which includes air mail postage.

PUBLISHED NOVEMBER 1969

A World Dictionary of Livestock Breeds, Types and Varieties

by I. L. MASON

Since the first edition of this well known reference book appeared in 1951 a mass of new data has accumulated, necessitating some 2000 new entries and revision of many of the older ones.

Technical Communication No. 8 (revised) of the Commonwealth Bureau of Animal Breeding and Genetics.

Demy 8vo. Cloth boards. viii + 268 pages. SBN 85198 007 4 Price 70s.

Order through any bookseller or from the publishers;

CAMBRIDGE UNIVERSITY PRESS

A journal for ethologists and psychologists

Animal Behaviour Monographs

Animal Behaviour Monographs contains longer articles than would appear in *Animal Behaviour*. The latest issue contains the paper THE SOCIAL ORGANISATION AND BEHAVIOUR OF THE FERAL DOMESTIC FOWL by G. McBride, I. P. Parer and F. Foenander. The authors are at present with the Animal Behaviour Unit, University of Queensland, Australia.

Animal Behaviour Monographs is published three times yearly.

Annual Subscription 80s.; in U.S.A. and Canada \$13.00. Reduced subscription for subscribers to *Animal Behaviour* 60s. or \$10.00.

Baillière Tindall & Cassell

7 & 8 Henrietta Street, London, W.C.2

Index Veterinarius

A COMPLETE BIBLIOGRAPHY OF VETERINARY LITERATURE

This subject and author index of current literature on veterinary and related sciences is produced by the Commonwealth Bureau of Animal Health and was first published in 1933. It is issued quarterly and each year about 15,000 references are listed.

For compilation of the *Index* 700 periodicals in 22 languages are searched and coverage embraces the whole world.

Annual subscription is £22 10s. (\$58.50) (reduced rate to residents in British Commonwealth or Republic of Ireland—£11 5s.). Orders may be sent to the Central Sales Branch, Commonwealth Agricultural Bureaux, Farnham Royal, Slough, Bucks.

The Indian Journal of Animal Sciences

The name of The Indian Journal of Veterinary Science and Animal Husbandry has been changed to The Indian Journal of Animal Sciences. With a view to accommodating the increasing flow of articles, the periodicity of this journal has also been changed into a bi-monthly from a quarterly. This journal, now in its 39th year of publication, presents articles reporting the original research work on different aspects of Animal Sciences—Animal Husbandry, Animal Health, Dairy Science, Dairy Technology, Animal Production, etc.—conducted in India and other countries.

Single copy : Sh.10 \$1.00

Annual Subscription : Sh.60 \$6.00
