Books intended for review should be addressed to The Librarian, Hellenic Society, 31–34 Gordon Square, London WC1H 0PP. The Journal does not publish unsolicited book reviews.

Cambridge

The Cambridge Ancient History

Volume IV: Persia, Greece and the Western Mediterranean c. 525 to 479 BC
Second Edition

Edited by **JOHN BOARDMAN, N. G. L. HAMMOND, D. M. LEWIS**
and **M. OSTWALD**

The years covered by this volume saw events and developments of major significance in the Mediterranean world. The first section of the book examines the Persian Empire. Part two describes political and military developments in Greece and includes a major section on archaic Greek society. The third part turns to Italy which became, in this time, a significant factor in the history of the area. There are numerous illustrations, drawings and maps.

£60.00 net 0 521 22804 2 949 pp.

Plates to Volume IV: Persia, Greece and the Western Mediterranean c. 525 to 479 BC

Edited by **JOHN BOARDMAN**
This volume complements the second edition of the text volume of *The Cambridge Ancient History Volume IV*, but can also be used as an independent, illustrated account of the period and of the evidence of the life and arts of Greeks and Persians in the years when they first crossed swords with each other.

£37.50 net 0 521 30580 2 264 pp.

Herophilus: The Art of Medicine in Early Alexandria

HEINRICH VON STADEN

The fragmentary evidence concerning Herophilus, one of the more important scientists of ancient Greece, is assembled with the Greek and Latin texts accompanied by English translation, interpretative commentary and background information.

£75.00 net 0 521 23646 0 650 pp.

Rediscovering Hellenism

The Hellenic Inheritance and the English Imagination

Edited by **GRAEME CLARKE**

Rediscovering Hellenism is a volume of essays devoted to the cultural manifestations of English Philhellenism in the late eighteenth and early nineteenth centuries. It traces the Greek heritage through a variety of media, including literature and criticism, landscape gardening, the visual arts and education.

Famine and Food Supply in the Graeco-Roman World

Responses to Risk and Crisis

PETER GARNSEY

This, the first full-length study of famine in antiquity, examines the systems of food supply and their breakdown in the ancient Mediterranean (c. 600 BC-AD 500).

'Garnsey presents extremely complex, and interrelated, issues and problems, and advances hypotheses, with exemplary clarity, coolness, and good sense.' *Greece & Rome*

Helping Friends and Harming Enemies

A Study in Sophocles and Greek Ethics

MARY WHITLOCK BLUNDELL

This examination of the ethical content of the plays of Sophocles focuses especially on the traditional Greek moral code of 'helping friends and harming enemies'. It offers the first detailed account of these important principles of Greek popular morality and examines their treatment in five of Sophocles plays.

Oral Tradition and Written Record in Classical Athens

ROSALIND THOMAS

Drawing on anthropological discussion, Dr Thomas stresses the coexistence of literary and oral tradition in Classical Greece and examines their interaction. The study provides crucial insights into the methods and achievements of Greek historians.

Posidonius

Volume II: The Commentary

I. G. KIDD

This work is a two-volume commentary on the surviving testimonia and fragments of Posidonius' work which were collected in an earlier volume (*I: The Fragments*). It assesses his work against the background of the philosophical, scientific and historical writings of his predecessors and contemporaries, stressing the philosopher's own idiosyncratic style.

Before Sexuality

The Construction of Erotic Experience in the Ancient Greek World
Edited by David M. Halperin, John J. Winkler, and Froma I. Zeitlin

Ancient Greece offers abundant evidence for a radically different set of sexual standards and behaviors from ours. Sex in ancient Hellenic culture assumed a variety of social and political meanings. These essays explore the iconography, politics, ethics, poetry, and medical practices that made sex in ancient Greece not a paradise of liberation but an exotic locale hardly recognizable to visitors from the modern world.

"... one of the most timely, provocative and stimulating books about ancient Greece I've read in a long time." —*Jeffrey Henderson, University of Southern California*

52 halftones, 49 figures.
Cloth: \$59.50 ISBN 0-691-03538-5

Nothing to Do with Dionysos?

Athenian Drama in Its Social Context

Edited by John J. Winkler and Froma I. Zeitlin

Theatrical productions in Athens were civic events in honor of the god Dionysos and were attended by a politically stratified community, whose delegates handled all details from the seating arrangements to the qualifications of choral competitors. The growing complexity of these performances may have provoked the Athenian saying "nothing to do with Dionysos," implying that theater had lost its exclusive focus on its patron. This collection considers how individual plays and groups of dramas pertained to the concerns of the body politic and how these issues were presented in the conventions of the stage and as centerpieces of civic ceremonies.

17 halftones, 12 figures.
Cloth: \$45.00 ISBN 0-691-06814-3

The Politics of Olympus

Form and Meaning in the Major Homeric Hymns

Jenny Strauss Clay

Jenny Strauss Clay demonstrates how four mythological narratives—devoted to Apollo, Hermes, Aphrodite, and Demeter—not only constitute Panhellenic compositions with a consistent theological viewpoint and unified generic identity, but also give one of the clearest accounts of Olympian politics. As critical chapters in the early history of the Olympian family, these hymns each begin from a point of crisis within the pantheon and address the acquisition or redistribution of powers and privileges within the Olympian hierarchy. Clay shows that resolution of conflict in each case proceeds from a plan of Zeus that leads to a new and permanent ordering of relations among the gods as well as between gods and humans.

Cloth: \$37.50 ISBN 0-691-06775-9

A City of Images

Iconography and Society in Ancient Greece

Claude Bérard, Christiane Bron, Jean-Louis Durand, Françoise Frontisi-Ducroux, François Lissarrague, Alain Schnapp, and Jean-Pierre Vernant Translated by Deborah Lyons

This handsome and lavishly illustrated volume invites the reader to explore the exotic and distant world of Greek culture—not primarily the conventional literary idea of that culture but the range of experiences presented in its iconography. Between the sixth and fifth centuries B.C., Athenian artisans flooded the Mediterranean world with remarkable decorated vases depicting a large variety of images. Using the resources of social and religious anthropology, the authors exploit the richness of this material to re-create the intellectual and emotional milieu of the inhabitant of a Greek city-state.

231 black & white illustrations, 50 color illustrations.

Cloth: \$32.50 ISBN 0-691-03591-1

Decoding the Ancient Novel

The Reader and the Role of Description in Heliodorus and Achilles Tatius

Shadi Bartsch

Shadi Bartsch reconsiders the role of detailed descriptive accounts in the ancient Greek novels of Heliodorus and Achilles Tatius and in so doing offers a new view of the genre itself. Bartsch demonstrates that these passages, often misunderstood as mere ornamental devices, form in fact an integral part of the narrative proper, working to activate the audience's awareness of the play of meaning in the story. As the crucial elements in the evolution of a relationship in which the author arouses and then undermines the expectations of his readership, these passages provide the key to a better understanding and interpretation of these two most sophisticated of the ancient Greek romances.

Cloth: \$29.50 ISBN 0-691-04238-1

Mass and Elite in Democratic Athens

Rhetoric, Ideology, and the Power of the People

Josiah Ober

"Ober not only provides a detailed account of the political institutions and practices of democratic Athens, but from the available evidence—often to be sure incomplete and uncertain—he develops a highly plausible interpretation of the relations of citizens and elites. His book will be of value and interest to everyone interested in democratic theory and practice."

—Robert A. Dahl, Yale University
