Advances

Continuing professional development in psychiatry

A large, semi-circular compass rose is the background for the lower half of the cover. It is rendered in a dark blue, monochromatic style. The compass rose shows cardinal and intercardinal directions: 'N' (North), 'NW' (Northwest), and 'W' (West). The outer ring of the compass has degree markings, with '300', '320', and '340' visible. The needle of the compass is also visible, pointing towards the top right.

Silva *et al* (231–239) describe the ethical issues that arose in relation to a significant difference of opinion between team members about using nasogastric clozapine in the treatment of a severely ill patient. They discuss how conflicting emotions and perspectives within teams acquire ethical significance and how negotiation and reflection are essential to ethical reasoning.
