

SECOND EDITION

A Laboratory Manual of Qualitative Organic Analysis

H. T. OPENSHAW

A practical guide, for use on the bench, to the identification of the commoner types of organic compound, consisting of a series of tests for functional groups, to be applied in a definite order. Experience gained in the use of the book since it was first published in 1946 has made necessary some minor corrections and has suggested some improvements which are incorporated in this new edition. 8s. 6d. net

CAMBRIDGE UNIVERSITY PRESS

The Journal of Hygiene is issued in four parts to a volume.

Quotations can be given for back volumes on application.

Papers for publication should be sent to Professor E. T. C. SPOONER, London School of Hygiene and Tropical Medicine, Keppel Street, Gower Street, London, W.C. 1. Other communications should be addressed to the University Press, Cambridge.

Papers forwarded to the Editor for publication are understood to be offered to *The Journal of Hygiene* alone, unless the contrary is stated.

Contributors receive twenty copies of their papers free. Twenty-five additional copies may be had at cost price: these should be ordered when the final proof is returned.

The subscription price is £3. 15s. 0d. per volume (post-free), payable in advance; single numbers 20s. net. Subscriptions may be sent to any Bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1.

The subscription price in the U.S.A. is \$12.50. Enquiries should be addressed to the American Branch of the Press at 32 East 57th Street, New York, 22.

	PAGE
FULTHORPE, A. J. The variability in gel-producing properties of commercial agar and its influence on bacterial growth. (With 1 Figure in the Text)	127
ROGERS, K. B. The spread of infantile gastro-enteritis in a cubioled ward. (With Plates 6 and 7 and 1 Figure in the Text)	140
ROGERS, K. B. and KOEGLER, S. J. Inter-hospital cross-infection of epidemic infantile gastro-enteritis associated with type strains of <i>Bacterium coli</i> . (With 3 Figures in the Text)	152
TAYLOR, C. B. <i>Coli-aerogenes</i> bacteria in soils	162
GORDON, J., HALL, R. A. and STICKLAND, L. H. The kinetics of the lysis of <i>Bacterium coli</i> by glycine. (With 4 Figures in the Text)	169
MORRIS, E. O. Observations on the life cycle of the <i>Nocardia</i> . (With 4 Figures in the Text)	175
FELL, HONOR B. and BRIEGER, E. M. A comparative study of the reaction <i>in vivo</i> and <i>in vitro</i> of rabbit tissues to infection with bovine tubercle bacilli. Part I. Observations on rabbit spleen infected <i>in vitro</i> . (With Plate 8)	181
BRIEGER, E. M., FELL, HONOR B. and SMITH, B. R. A comparative study of the reaction <i>in vivo</i> and <i>in vitro</i> of rabbit tissues to infection with bovine tubercle bacilli. Part II. Observations on cultures of spleen and lymph glands from infected rabbits. (With Plates 9 and 10)	189
BISSET, K. A. and HALE, C. M. F. Observations upon the bacterial spore nucleus. (With Plate 11 and 3 Figures in the Text)	201
EDWARD, D. G. FF. and ALLISON, V. D. Diphtheria in the immunized with observations on a diphtheria-like disease associated with non-toxicogenic strains of <i>Corynebacterium diphtheriae</i>	205
FRY, R. M. and GREAVES, R. I. N. The survival of bacteria during and after drying. (With 9 Figures in the Text)	220
FULTON, FORREST and ARMITAGE, P. Surviving tissue suspensions for influenza virus titration. (With Plates 12 and 13 and 2 Figures in the Text)	247
ELWOOD, J. STANLEY. The penicillin sensitivity and phage types of staphylococci isolated from hospital patients	263
FELIX, A. The preparation, testing and standardization of typhoid vaccine	268
FELIX, A. and ANDERSON, E. S. The immunizing potency of alcohol-killed and alcohol-preserved typhoid vaccine after storage for ten years	288
BATTY SHAW, A. and MACKAY, H. A. F. Double enteric infection (la fièvre typhoïde intriquée). An account of an epidemic. (With Plate 14 and 2 Figures in the Text)	299
BATTY SHAW, A. and MACKAY, H. A. F. Factors influencing the results of blood culture in enteric fever	315
BRADLEY, W. H., EVANS, L. WILSON and TAYLOR, IAN. A hospital outbreak of typhoid fever. (With 2 Figures in the Text)	324
JONES, A. C. A hospital outbreak of typhoid fever. Bacteriological and serological investigations	335
FELIX, A. and ANDERSON, E. S. Bacteriophage, virulence and agglutination tests with a strain of <i>Salmonella typhi</i> of low virulence	349
