

ERRATUM

It is regretted that the book review (*Robotica* 6, No. 3. 261, 1988) *Industrial Fastener Handbook*, 3rd. edition, published by The Trade and Technical Press, Surrey, UK (1985) contained in the last paragraph the following wrong information: "A very

thorough and complete handbook that manufacturing companies or consultancy companies *can* afford to do without". This should read: "A very thorough and complete handbook that manufacturing companies or consultancy companies *cannot* afford to do without". This error is greatly regretted.
