INTERFAITH, INTERNATIONAL, AND INTERDISCIPLINARY

JOURNAL OF CHURCH AND STATE

"The *Journal of Church and State* constitutes abundant evidence of the high quality research and scholarship done at the nation's oldest and premier center of church-state studies...Baylor University."

- Robert P. Drinan, S.J.

Journal of Church and State, published quarterly by the J. M. Dawson Institute of Church-State Studies, Baylor University, remains the only scholarly journal devoted exclusively to the concerns of church and state and religious liberty. *JCS*, published since 1959, continues to appeal to a widely diverse readership throughout the world.

Each issue of *JCS* includes:

- Six or more major articles
- A timely editorial
- Approximately thirty book reviews on church and state and related themes
- Notes on current U.S. and international developments
- Listing of recent doctoral dissertations in church and state
- When appropriate, texts of important court cases, government legislation, or ecclesiastical documents
- Calendar of upcoming conferences on church and state

New from Princeton

With the Stroke of a Pen

Executive Orders and Presidential Power

Kenneth R. Mayer

The conventional wisdom holds that the president of the United States is weak, hobbled by the separation of powers and the short reach of his formal legal authority. In this first-ever in-depth study of executive orders, Kenneth Mayer deals a strong blow to this view. Taking civil rights and foreign policy as examples, he shows how presidents have used this key tool of executive power.

"This book is exceptionally well researched and presented. . . . A truly distinguished work."

—Louis Fisher, author of *American Constitutional Law*

Cloth \$39.95 ISBN 0-691-01204-0 Due May

Revolutions in Sovereignty

How Ideas Shaped Modern International Relations

Daniel Philpott

How did the world come to be organized into sovereign states? Bringing new theoretical and historical depth to the study of international relations, Philpott demonstrates that only ideas can explain how the world came to be organized into a system of sovereign states.

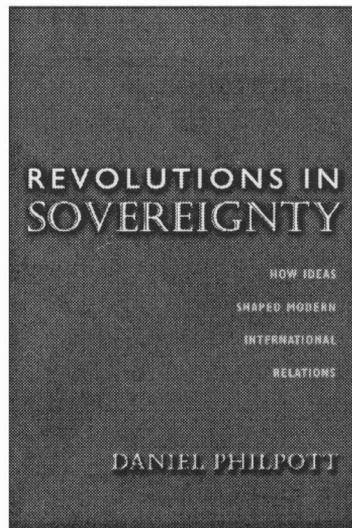

"A cogently argued and superbly written book. It will stimulate much debate. . . ."

—Samuel Huntington
