### Working a Democratic Constitution

The Indian Experience  
GRANVILLE AUSTIN

“Austin demonstrates, through a sure command of political and cultural history, how the constitution has made possible an open society, with a lively free press, a judiciary that has maintained its independence, and an electoral system that is equal to those of the established democracies of the West.”

—Ainslie T. Embree, professor of history, Columbia University

Granville Austin's magnum opus tells the very human story of how the social, political, and day-to-day realities of the Indian people have been reflected in and directed the course of constitutional reforms since 1950.

### The Indian Constitution

Cornerstone of a Nation  
GRANVILLE AUSTIN

“The author...has undertaken much research....There is something majestic in the scale of the work that is appropriate to the subject matter.” —*The Economist*

*The Indian Constitution* provides a history of the Indian Constituent Assembly, of how and why the members of the Assembly wrote their constitution as they did. This new edition of Austin's classic work has a preface bringing it up to date with contemporary developments in constitutional law.

### **The Politics of the Urban Poor in Early Twentieth-Century India**

*Nandini Gooptu*

Nandini Gooptu's magisterial history of the Indian urban poor represents a *tour-de-force*. By focusing on the role of the poor in caste, religious and national politics, the author demonstrates how they emerged as a major social factor in South Asia during the interwar period. The empirical material provides compelling insights into what it meant to be poor and how the impoverished dealt with their predicament.

### **The Making of the Chinese Industrial Workplace**

State, Revolution, and Labor Management

*Mark W. Frazier*

The origins of the "iron rice bowl" of comprehensive cradle-to-grave benefits and lifetime employment in Chinese factories is traced in this book. It suggests that, in some ways, the Chinese revolution in 1949 was not as revolutionary as most have thought. This is one of a very few books to look comparatively at the Chinese industrial workplace in pre-1949 China and post-1949 China.

Britain, the United States, Indonesia and the Creation of Malaysia

*Matthew Jones*

This fascinating study looks at the origins, outbreak and course of the Indonesian-Malaysian confrontation of 1963-1966, within the context of British and American policies in South East Asia during the 1960s as a whole. Matthew Jones uses new archival sources to throw fresh light on such subjects as British Colonial policy and the creation of Malaysia, Anglo-American tensions over the confrontation itself, and the diplomacy of that important, but often neglected, international dispute.

*Gordon de Brouwer*

Largely exempt from regulation and shrouded in secrecy, "hedge funds" are one of the most controversial institutions in modern finance. Presenting a balanced view of the subject, De Brouwer explains their workings using case study material from Hong Kong, Indonesia, Malaysia, Singapore, Australia and New Zealand, from 1997 to 1998. He also considers the future of hedge funds, their role for institutional investors, as well as policy proposals to limit their destabilizing effects.

Southeast Asia and Universalist Theory

*Anthony J. Langlois*

This book makes a major contribution to the theory and practice of human rights, engaging in particular with the "Asian values" debate. It is especially concerned with the tension between a universal regime of human rights and its ability to accommodate diversity. Incorporating original fieldwork from Malaysia, Singapore and Indonesia, the book also draws out the significance of Southeast Asian developments for international human rights discourse.

Corporations and Environmental Management

*Peter Dauvergne*

Corporate loggers have irreparably damaged much of the tropical forest throughout the Asia-Pacific over the last four decades. Despite a steady rise in global and local concern, few firms have changed their practices on the ground. This study examines why and how loggers have resisted and ignored calls for environmental reforms. Concentrating on the period after 1990, it explains what is happening on the ground as forests continue to disappear and highlights the structures within which firms and governments operate and make money.

Corruption and Development in South Korea and the Philippines

*David C. Kang*

Why has the literature on Asian development not addressed the issue of money politics in Korea? How can we reconcile the view of an efficient developmental state in Korea before 1997 with reports of massive corruption and inefficiency in that same country in 1998 and 1999? Politics is central to the answer. This study argues that both Korea and the Philippines experienced significant corruption throughout the post-independence era, and that political—not economic—considerations dominated policy making in both countries.

## THE CIVILIZATION OF ANGKOR

Charles Higham

"In blending archaeological and documentary data to chronicle the rise of this important Southeast Asian state, Higham's rich history of Angkor effectively refutes traditional models of state development in the Mekong region and offers insights regarding the nature of Angkor and the processes that led to its emergence."

—Miriam Stark, Associate Professor of Anthropology, University of Hawai'i and editor of *The Archaeology of Social Boundaries*

## DAO DE JING

The Book of the Way

Laozi

Translation and Commentary by Moss Roberts

"Reading Professor Moss Roberts's new translation of *Dao De Jing* gives one a sense of pleasure and surprise. He is a diligent and rigorous scholar, while at the same time possessing a poetic acuity to deeply penetrate the words and read between the lines.... His superior translation has deepened my own comprehension of this famous Chinese classic."

—Fang Ping, former editor-in-chief, Shanghai Literary Translations Press

## UNSETTLING MEMORIES

Narratives of the Emergency in Delhi

Emma Tarlo

This richly detailed ethnographic work tells the story of a period known in India as the Emergency, when Indira Gandhi suspended civil liberties, censored the press, and ordered arrests, tortures, and forced sterilization for a period lasting to 1979. This gripping study seeks to recapture through personal narratives the experiences and perceptions of those caught up in the difficult events of the Emergency.

## EVERY STEP A LOTUS

Shoes for Bound Feet

Dorothy Ko

Ko embarks on a fascinating exploration of the practice of footbinding in China, explaining its origins, purpose, and spread before the nineteenth century. Her absorbing, superbly detailed, and beautifully written book demonstrates that in the women's eyes, footbinding had less to do with the exotic or the sublime than with the mundane business of having to live in a woman's body in a man's world.

## CHINESE FEMININITIES/ CHINESE MASCULINITIES

A Reader

Susan Brownell and Jeffrey N. Wasserstrom,  
Editors

Foreword by Thomas Laqueur

The past two centuries have witnessed tremendous upheavals in every aspect of Chinese culture and society. At the level of everyday life, some of the most remarkable transformations have occurred in the realm of gender. This book is a mix of illuminating historical and ethnographic studies of gender from the 1700s to the present.

## MAVO

Japanese Artists and the Avant-Garde, 1905-1931

Gennifer Weisenfeld

The radical Japanese art group Mavo roared into new arenas and new art forms with work ranging from performance art to painting, book illustration, and architectural projects. This abundantly illustrated volume, the first book-length study in English provides a critical evaluation of this often outrageous and iconoclastic movement, tracing Mavo's relationship to broader developments in modernism worldwide.

# MODERN CHINA

A Guide to a Century of Change

**GRAHAM HUTCHINGS**

In *Modern China* Graham Hutchings offers a timely and useful reference guide to the people, places, ideas, and events crucial to an understanding of this rising power. After an introduction that discusses key themes in twentieth-century China, Hutchings provides over two hundred insightful short essays that cover central figures and events from Sun Yat-sen to Jiang Zemin and the Boxer Rebellion to Tiananmen Square.

"You could not possibly have a better guide to China than Graham Hutchings. His book—the product of years of scholarship and first-hand experience—is sharply written, perceptive, and judicious. That overworked word 'indispensable' is for once wholly deserved."
