

SLAVONIC ENCYCLOPEDIA

Edited by JOSEPH S. ROUCEK, Ph.D.

The Slavonic Encyclopedia opens the door to the Slavonic world, the largest kindred group of people in the world, divided into several distinct nations, each with its own tongue, its national literature, its independent history, and its peculiar civilization—but all tied together by a general consciousness that they all belong to a single and great family of Slavonic peoples.

"The most important developments of the history of the Slavic peoples are discussed, with the ramifications of contemporary life and problems. Ample cross-reference indications in the text are a particularly useful feature. The tone is objective and factual, yet brimful of human interest. It is a real treasure house of valuable and thoroughly enjoyable reading."—*America*

ENCYCLOPEDIA OF RELIGION

Edited by Vergilius Ferm, with 190 Collaborators

"The Encyclopedia of Religion is an up-to-date encyclopedia covering the field of religion in a comprehensive way. All entries are contributed by specially qualified men. Catholic doctrines are presented by Catholic scholars; historical movements and figures by historians; sociological concepts by sociologists. This volume is a 'must' book for every college library and for the desk of every priest, professor, teacher."

St. Thomas and The World State

by Robert M. Hutchins

Catholic thinkers, Chancellor Robert M. Hutchins avers, have traditionally upheld the unity of people of the world, but some of them have produced an apparent contradiction by upholding also the sovereignty of individual states. Dr. Hutchins offers here a timely analysis of the problem in the light of the philosophy of St. Thomas Aquinas.
