

# TICKS

## A Monograph of the Ixodoidea

By GEORGE H. F. NUTTALL, M.D., PH.D., Sc.D., F.R.S., CECIL  
WARBURTON, M.A., F.Z.S., W. F. COOPER, B.A., F.Z.S., F.L.S.,  
and L. E. ROBINSON, A.R.C.Sc. (London).

*Now Ready. PART I. THE ARGASIDAE. With 116 text  
Figures and 3 Plates. Royal 8vo. 5s. Net.*

This book will deal with the Classification, Structure and Biology of Ticks, the study of the group having occupied the authors for several years. Practically all that has been published on the subject has received adequate consideration.

The book will be issued in about four parts, which will be complete in themselves but are designed to form a volume of about 500 pages when all the parts have been published. Each part will be issued in a stiff paper cover and will include a bibliography printed on one side of thin paper so that the references can be conveniently cut out and gummed on index cards. A complete bibliography, including all the publications cited in each part will conclude the volume.

“For these who are not experts on Ticks, but are made practically acquainted with them from the pathological point of view, a comprehensive monograph or handbook of the group has become an urgent requirement, and this need will now be supplied by the monograph which is now being produced by Messrs Nuttall, Warburton, Cooper and Robinson.”—*Nature*.

*The Construction of Healthy Dwellings.* By Sir D. GALTON.  
Second edition. 8vo. 10s. 6d.

*Healthy Hospitals.* By the same, with illustrations. 8vo. 10s. 6d.

**PAUL ALTMANN,**  
 47, LUISEN-STRASSE,  
 ECKE SCHUMANN-STRASSE,  
 BERLIN, N.W., GERMANY,

New SHAKING APPARATUS with  
 Water Motor. Mk. 38.00.

*Full Illustrated Price Lists on Application.*

Manufacturer of all kinds  
 of apparatus and appliances  
 for Chemistry, Bacteriology,  
 Microscopy and Hygiene.

All Goods manufactured in  
 our own workshops.

COMPLETE OUTFITS  
 of Bacteriological-Microscop-  
 ical and Hygiene-Chemical  
 Laboratories.

**SPECIALITY :**

Disinfecting and Sterilising  
 Apparatus.  
 Thermostats, adjustable for  
 a Constant Temperature.  
 Autoclaves, Centrifugals.  
 Apparatus for Clinical  
 Laboratories, etc., etc.

New apparatus for  
**WATER RESEARCHES.**

New apparatus for  
**SERODIAGNOSE.**

**SCIENTIFIC  
 APPARATUS**

**JOHN J. GRIFFIN & SONS, Ltd.,**  
 KINGSWAY, LONDON, W.C.

Makers to the Admiralty, War Office, India, Colonial and Foreign Governments.

Every facility for making Apparatus to Original Specifications.

**ENQUIRIES SOLICITED.**

**SOLE DEPÔT FOR KAHLBAUM'S CHEMICALS.**

*Price-list post-free on application.*

**CAMBRIDGE GEOGRAPHICAL SERIES.**

GENERAL EDITOR: F. H. H. GUILLEMARD, M.D.,  
 FORMERLY LECTURER IN GEOGRAPHY IN THE UNIVERSITY OF CAMBRIDGE.

**THE GEOGRAPHY OF DISEASE**

By **FRANK G. CLEWOW, M.D. EDIN., D.P.H. CAMB.,**

British Delegate to the Ottoman Board of Health, Physician to H.M. Embassy at Constantinople.

*Crown 8vo. Cloth. 12 Maps and Charts. Price 15s.*

*LANCET.*—"Dr Clewow's writings are well known to all epidemiologists and his intimate knowledge of the Russian language has enabled him to study the disease and death records of the vast population of that great European and Asiatic country in a manner which is impossible to most writers....In a preface upon the Geography of Disease and the factors which determine it we find discussed in a fascinating fashion the complex nature of the problem."

## Proof of the Value of

The  
Non-Toxic**Cyllin**

Bactericide

will be sent you **FREE**

Acting upon a suggestion thrown out by Sir Lauder Brunton in his Croonian Lectures on "The Relation Between Chemical Structure and Physiological Action," Jeyes' Sanitary Compounds Company, Ltd., have, after years of exhaustive research, succeeded in producing from certain members of a new series of oxidised hydrocarbons a disinfectant which combines the maximum of efficiency as a bactericide with the minimum of causticity and toxicity to the higher forms of life. The new product, Cyllin, is guaranteed to be at least ten times less toxic than carbolic acid, and to have Rideal-Walker co-efficients, ranging from 9.3 to 54.8, as is shown by the following table:—

Investigator	Organism	Rideal-Walker Co-efficient
Professor Klein, F.R.S. ... ..	M. meningitidis ... ..	54.8
Professors Simpson and Hewlett ... ..	B. pestis ... ..	34.0
Dr David Sommerville ... ..	V. cholerae (Koch) ... ..	32.3
Professor Wm. Smith and Dr David Sommerville ... ..	B. diphtheriae ... ..	20.0
Professor Klein, F.R.S. ... ..	B. tuberculosis ... ..	11.0
Lieut.-Colonel Firth, R.A.M.C. ... ..	B. typhosus ... ..	11.0
Dr David Sommerville ... ..	B. dysenteriae (Flexner) ... ..	10.0
Professor Klein, F.R.S. ... ..	Staph. p. aureus ... ..	9.3

N.B.—Since the above results were published the efficiency of CYLLIN has been increased— for example, the "Rideal-Walker Co-efficient" for B. typhosus is now guaranteed 17 to 18.

## PREPARATIONS OF CYLLIN

**CYLLIN (Medical).**—A refined preparation of Cyllin for medical and surgical use. Rideal-Walker Co-efficient 20.0.

**CYLLIN INHALANT.**—For use with Cyllin Inhalator in suppurative conditions of the bronchial passages, etc.

**CYLLIN CAPSULES (Palatinoids).**—For use in stomachic and intestinal antiseptics.

**CYLLIN SYRUP.**—For use where indicated in infantile diarrhoea.

**CYLLIN PASTILLES.**—Antiseptic throat lozenges.

**CYLLIN DUSTING POWDER.**—A safe and reliable substitute for Iodoform.

**CYLLIN SURGICAL SOAP.**—Guaranteed equal to 50 per cent. pure Carbolic Acid.

**CYLLIN BAR SOAP.**—Guaranteed equal to 50 per cent. pure Carbolic Acid.

**CYLLIN LIQUID SOAP.**—Guaranteed equal to 100 per cent. pure Carbolic Acid.

**CYLLIN SANITARY POWDER.**—Guaranteed three times the strength of 15 per cent. Carbolic Powder.

**CYLLIN GAUZE.**—Freed from all traces of fatty matter, and impregnated with 10 per cent. Cyllin.

**CYLLIN LINT.**—Freed from all traces of fatty matter, and impregnated with 10 per cent. Cyllin.

**CYLLIN WOOL.**—Freed from all traces of fatty matter, and impregnated with 10 per cent. Cyllin.

**CYLLIN GAUZE TISSUE.**—Freed from all traces of fatty matter, and impregnated with 10 per cent. Cyllin.

**LANO-CYLLIN.**—For use in Eczema, Pruritus, and other inflammatory conditions of the skin.

**CYLLIN OBSTETRICAL LUBRICANT.**—Readily soluble—free from grease.

See pamphlet entitled "Standard Chemical Disinfectants." Copies, together with working samples, sent gratis and postage paid on applying to

*The Journal of Hygiene* is issued quarterly. A volume containing about 500 pages, with plates and figures, is issued annually.

Volumes I, II, and III (1901-3) complete. In Four Parts, paper covers, 15s. net per volume. Bound in buckram, 18s. 6d. net per volume.

Volumes IV, V, VI, VII, and VIII (1904-8) complete. In Parts, paper covers, 21s. net per volume. Bound in buckram, 25s. net per volume.

Papers for publication may be sent to Prof. GEO. H. F. NUTTALL, F.R.S., 3 Cranmer Road, Cambridge, or to the associate Editors. Other communications should be addressed to the University Press, Cambridge.

Papers forwarded to the Editors for publication are understood to be offered to the *Journal of Hygiene* alone, unless the contrary is stated.

Contributors receive fifty copies of their papers free. Additional copies may be had at cost price: these should be ordered when the final proof is returned.

The subscription price is £1. 1s. per volume (post-free), payable in advance; single numbers 7s. net. (Plague Numbers, Vol. VI, no. 4, Vol. VII, nos. 3 and 6, and Vol. VIII, no. 2, Price 6s. net each.) Subscriptions may be sent to any Bookseller, or to MR C. F. CLAY, MANAGER, Cambridge University Press, Fetter Lane, London, E.C.
