## Belief & Unbelief since 1850

H. G. WOOD

An examination of some of the main intellectual and social movements of the last hundred years—the conflict between science and religion, the change in moral standards, the teaching of Freud, for example—and their effect on religious life and thought.

## The Protestant Tradition

J. S. WHALE

The first three parts of Dr Whale's new book treat Luther, Calvin, and the Sectarians, and provide a new interpretation of early protestantism. In the last part the author deals vigorously with modern issues, and closes with a plea for unity in the church. 21s. net

## The Religious Orders in England (II)

DAVID KNOWLES

This volume continues Dom David Knowles's history of the monks, canons and friars in the middle ages. It covers the period, 1336–1485, when many features of the modern world were germinating under the surface of medieval institutions.

## Old Priest & New Presbyter

NORMAN SYKES

In this book Professor Sykes considers the Anglican attitude towards episcopacy, presbyterianism and papacy since the reformation, with special reference to the churches of England and Scotland. The several projects of union issuing from successive Lambeth Conferences are briefly surveyed.
