

# LifeDefense Plus™ from Matrx The New Standard in Defibrillator/Monitor/Pacers

The new standard in defibrillator/monitor/pacers, LifeDefense Plus™ is the result of a joint venture between Matrx Medical Inc., the largest distributor and manufacturer of emergency care equipment and supplies in the United States, and NEC San-ei Instruments Ltd., a worldwide leader in medical electronic technology. The new lightweight (18.7 lbs.) integrated defibrillator/monitor/pacer, LifeDefense Plus™ incorporates as standard, features that other units offer only as options.

## Defibrillator

- Impedance indicator on paddle
- Energy setting on paddle
- Remote defibrillation
- Synchronized cardioversion
- Automatic recording of defibrillation event
- Pediatric paddle adapters

## Monitor

- Large 7 sq. in. Sony® CRT screen
- Direct monitoring from ECG electrodes, paddles, or defibrillation electrodes
- Audio/visual message system
- Real/delay recording modes
- Annotated messages on Z-fold thermal paper

## Pacer

- Demand pacing
- Fixed pacing
- High-impedance, conductive rubber electrodes

## Battery support/accessories

- High-capacity 2.2 amp hour NiCad battery
- Multiple-function battery support system
- Full complement of quality Matrx accessories

For more information and a demonstration of LifeDefense Plus™, the new standard in emergency cardiac care, call Matrx at 1-800-845-3550.
