# Acta Neuropsychiatrica

Published on behalf of the Scandinavian College of  
Neuropsychopharmacology (SCNP)

## Editor-in-Chief

Gregers Wegener, Aarhus University, Denmark

*Acta Neuropsychiatrica* is an international journal that publishes translational high-quality research papers in neuropharmacology, neuropsychiatry and neuroscience. The journal provides a forum for original basic and clinical research from disciplines and research areas relevant to the pathophysiology, neurobiology, and treatment of neuropsychiatric disorders.

*Acta Neuropsychiatrica* provides its readership with the latest perspectives from current and emerging fields of psychiatry, neurology, pharmacology, genetics and neuroimaging. Such research may derive from the full spectrum of biological and psychological fields of inquiry encompassing classical and novel techniques/strategies. Emphasis will be given to translational original research that is of wide interest and clearly advances the field.

*Acta Neuropsychiatrica* welcomes full-length Original Research Articles, Short Communications, Perspectives, as well as Review Articles. Debate is encouraged in the form of Letters to the Editor. All articles published in *Acta Neuropsychiatrica* undergo peer review.

# Psychological Medicine

## Editors

Kenneth S. Kendler, Virginia Institute for Psychiatric Behavioral Genetics, Virginia, USA

Robin M. Murray, Institute of Psychiatry, London, UK

Now in its fifth decade of publication, *Psychological Medicine* is a leading international journal in the fields of psychiatry, clinical psychology and the related basic sciences. There are twelve issues per year, each featuring original articles reporting key research being undertaken worldwide, together with shorter editorials by distinguished scholars and an important book review section. The journal's success is clearly demonstrated by a consistently high Impact Factor.

# Journal of Relationships Research

## Editor

Terry Bowles, *Melbourne University, Australia*

This innovative journal provides researchers and practitioners with access to quality, interdisciplinary, peer-reviewed articles covering the entire range of fields associated with personal, intimate, organizational and family, and social relationships, development, training and analysis of human relationship skills across the life-span. Originally an initiative of the Psychology of Relationships Interest Group of the Australian Psychological Society, the journal became independent within its first year with the intention of publishing papers from the full array of researchers of relationship.

The journal features an experienced and eclectic Editorial Board and is international in its reach. There is a special emphasis on contributions from Asia, including the subcontinent and Pacific regions but the journal welcomes papers from all other parts of the world.

*Journal of Relationships Research* is published online-only in continuous yearly issues ensuring that the definitely accurate copy-edited and proof-read version of each research article is available to the worldwide research community within weeks of a successful peer review.
